

Radway Populaire 100

MW09

16/12/2021 [4]

An easy ride through Swettenham, Radway Green, Middlewich, Winsford and the Whitegate Way to Cuddington. Return via Anderton Boat Lift and Knutsford where there is an optional stop (not a control) at the Penny-farthing museum. The Perm finishes with a ride through Tatton Park and the Airport tunnels. Use the eBrevet app!

There are on-road alternatives if you don't want to ride off-road.

Section 1: 21km There is a landslip after Swettenham Ford so there is a short diversion, or go on-road

Section 2: You can choose to use the Whitegate Way bridlepath or the tarmac alternative.

Section 3: 19km: There is a tarmac bridleway under the new A556 which your GPS might not follow, see the route sheet. This is followed by Moss Lane (care, this is in very poor condition!)

Section 3: 34km: Use the right-hand tunnels under the airport runway, then stay on the shared footpath up the hill and over Morley Green Road, rather than riding on the A538.

For a successful validation, you must:

- enter at **www.delphcyclist.info/RadwayPerm.html** (don't worry about the ride date at this stage)
- register your ride date by texting **07931 911324** or emailing **mike@PeakAudax.co.uk** before you start
- visit all the controls listed below within the time limits - note that this is a "non-mandatory" route
- establish your "proof of passage" by
 - downloading the eBrevet - see **www.delphcyclist.info/eBrevet.html**
 - or recording a GPS track (must be .GPX format) showing you visited each Control Location
 - or collecting till receipts or ATM slips from anywhere at the Control Location
- completing all the details on your Brevet Card (name, address, ride date, control locations and times plus your signature) and returning to me within 14 days of your ride

Controls: The ride works best using the E-Brevet app or a GPX track to authenticate your ride. The route is advisory, but you should ensure that you pass within ½km of the locations below (indicated by Grid Reference and what3words.com). If you haven't access to the app or GPX you may still collect receipts from the various suggested locations.

eBrevet: Ride Code **MW09** (see www.DelphCyclist.info/eBrevet.html for customisation instructions to reverse the direction, start at any control, or start anywhere between controls).
